

Asking for a raise in salary

Subject: Request for a raise in salary.

Dear Jay Patel,

I am Parth Namjoshi and I am writing this Email to request you to give me a salary raise. I have been working in this company for 3 years as a Front-End Developer.

During these 3 Years, I have been a dedicated employee and have not missed any deadlines. I have also worked on many projects which have been a huge success. I believe that a review of my record, achievements and my commitment to the company will prove the reasons for my salary raise.

My current CTC in the company is 4.5 Lakhs. I request you to give me a minimum of 20% increment. I would greatly appreciate the company's consideration in this matter. I am also available for any further discussion if required.

Hoping for your kind consideration.

Best Regards,
Parth Namjoshi
Front-End Developer.
